

Colour Management Policy

- BCQ Print Group ensures that the colour quality policy represents the quality policy as far as the colour quality system is concerned.
- BCQ Print Group is using the ISO 12647-2 BPIF Scheme Certification Requirements version 3 November 2017 for the implementation of the scheme where applicable.
- BCQ Print Group is using the ISO standard 12647-2 and the lithographic printing process as the method of production within the scope of the certification. The 12647-2 procedures are used to demonstrate compliance.
- BCQ Print Group is using the percentage scoring systems weightings and the scoring system calculation as required by version 3 November 2017 of the BPIF scheme.
- Our aim is to ensure customer satisfaction through accurate colour reproduction and consistent quality against calibrated proofs for all jobs produced to the ISO 12647-2 standard.
- BCQ Print Group ensures the training, development, and maintenance of the competence of all personnel within the scope of the colour quality and the production management system.
- BCQ Print Group ensures the provision of the necessary infrastructure and equipment needed to produce compliant products.
- BCQ Print Group undertakes reviews on a regular basis of the capabilities of the infrastructure and equipment employed in the light of technological and other changes as they become available.
- BCQ Print Group ensures the policy detailed above is communicated within the business and made available to all interested parties.
- The master copy is retained by the Colour Champion. A copy is available in reception and the pre-press office for staff members to refer to.
- BCQs Colour Management Policy is also available on its company website along with other useful information for ISO 12647-2
